

Hybrid III 6 y/o Lab

BME254L - Spring 2026 - Palmeri

Dr. Mark Palmeri, M.D., Ph.D.

2026-01-07

Table of contents

Tasks	1
What to submit	2
Bottom Plate	4
Top Plate	6
Nodding Plate	8
Molded Neck	10
Lower Neck Bracket	12
Load Cell	13
Assembly	14

Tasks

- Create all of the parts for the Hybrid III 6yo test setup based on the attached drawings.
- You should create all of these parts and their associated drawings and assemblies as part of the same “Document” and share that document with Dr. Palmeri and the TA(s).
- Create the mechanical drawings associated with each of those parts (i.e., recreate the drawings that you are using to generate the parts) and the assembly.
- Assemble your parts as guided by the assembly diagram and as shown in the uploaded animation.
- There are online tutorials on Assemblies if you need some refreshers:
 - <https://learn.onshape.com/courses/introduction-to-assembly-design>
 - <https://learn.onshape.com/courses/fundamentals-onshape-assemblies>

What to submit

Upload mechanical drawings and a screenshot of the part for all of your parts to the Hybrid III 6 y/o Gradescope assignment.
